WHAT DOES SAVE THE CHILDREN BELIEVE?

There are a lot of charities out there. Naturally you want to choose one that stands for the same things you do. Save the Children believes every child deserves a future. Every last child.

But here's the problem: Too many children in the U.S. and around the world aren't getting what they deserve. They're dying from preventable causes, denied an education, forced to flee violence and worse.

The world's children deserve better.

HOW DOES SAVE THE CHILDREN HELP?

The first global movement for children, we continue to lead the way – from lifesaving care for at-risk newborns, to early education in rural America, to protecting the rights of child refugees.

We roll up our sleeves and raise our voices – every day and in times of crisis – to give all children the chance to grow up healthy, learning and safe. Whatever it takes.

But we can't do it without you.

“Humanity owes the child the best it has to give.”

– Eglantyne Jebb, Save the Children founder, 1919
